A high-quality Physical Education curriculum inspires all students to participate in a broad and balanced curriculum.

It should provide opportunities for students to become physically confident and active, which will enhance their health and well-being.

Opportunities to compete in sport and other activities, build character and help to embed values such as fairness and respect. We are a dedicated school where we aim to be the best for all our students.

Our Physical Education curriculum includes invasion games,

We are confident that the curriculum we teach in PE has the same value for all children.

Skills we learn in PE can be applied in a number of future careers.

Our curriculum is designed to give children the opportunity to learn about the geography of the area that a sporting event is to be held.
